Army Veteran and America First Outsider Brad Patty Announces Candidacy for U.S. Congress in Missouri's 5th District

“Service First” Campaign Rooted in America First Principles

JEFFERSON CITY, Mo. - Brad Patty, a 25-year U.S. Army veteran, devoted husband and father of 6, has officially announced his candidacy for the United States House of Representatives in Missouri's 5th Congressional District.

Patty will run under the campaign committee name *Service First – Brad Patty for Congress*, a reflection of the core principle that has guided his life: putting duty to country above self. A formal campaign launch will be scheduled in the coming weeks.

“Service is not a slogan, it’s my life,” Patty said. “From the day I enlisted in the Army at 18 years old, I have believed that if you love your country, you serve it. Missouri families deserve a Congressman with conservative America First values who understands sacrifice, discipline, and accountability - not politics as usual.”

Patty enlisted in the United States Army in 1999 and served for 25 years, retiring with the rank of Master Sergeant. Over the course of his military career, he deployed to Iraq in defense of American freedom, serving as a diesel mechanic, ensuring mission-ready equipment for troops on the ground. Patty later served as an instructor, mentoring and preparing the next generation of American soldiers. He has earned a reputation for discipline, integrity, and steady leadership.

Patty credits his Christian faith as a guiding force in both his life and his decision to run for Congress.

“My faith teaches me that leadership is service,” Patty said. “It teaches responsibility, courage, and humility. I believe we are called to stand up when our country needs us. And right now, America needs strong, principled, America First leadership to stand with President Trump.”

Patty's Service First campaign will focus on three core priorities:

- **America First Duty to Serve:** Bringing the discipline and mission-focus of military leadership to Washington.
- **Affordability for Families:** Fighting inflation, reducing federal spending, lowering taxes, and unleashing American energy to bring down costs for working families.

- Accountability in Government: Demanding transparency, securing the border, restoring law and order, and holding Washington bureaucrats responsible to the American people.

Patty proudly supports President Trump and the America First movement and will work in Congress to advance policies that strengthen national defense, secure the border, restore energy independence, and put American workers first.

“You can’t have prosperity without security. You can’t have freedom without strength. In this campaign, we will fight for the 5th Congressional District and deliver conservative America First results for Missouri.” Patty said.
